

EPIDEMIC of CARDIOVASCULAR DISEASE and DIABETES

Explaining the Phenomenon in
South Asians Worldwide

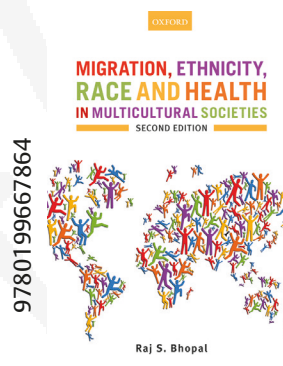

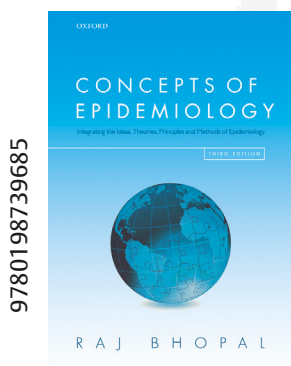

RAJ S. BHOPAL

Paperback | 9780198833246
February 2019 | 484 pages
~~\$38.95~~ **\$27.27** | ~~£29.99~~ **£20.99**

- A comprehensive review of current literature in the field, this book is a unique knowledge base for medical professionals, researchers and students
- The synthesis presented is based on a combination of an extensive review of published research, and interviews with 22 leading researchers and scholars across the globe
- Combining theory, research, and public health practice on all aspects of cardiovascular diseases and type 2 diabetes, this is a review of animal and tissue research, as well as human intervention trials
- A thorough investigation into the reasons behind why such a large proportion of South Asians suffers from cardiovascular diseases and diabetes mellitus (type 2)
- This work addresses the challenge to produce focused, low cost and effective actions, and presents clear explanations of the causes behind CVD and DM
